## Fairmont Pharmacy

"The Drug Store Ahead"

WATSON HOTEL CORNER

Operators of the New River field and the United Mine Workers of America held a conference yesterday in Charleston in regard to a new wage scale. Nothing definite has been done in regard to the matter.

### Want Big Increase.

Sixty per cent. increase is wanted by the miners of District Lat. Scranton, Pa., after next April when the present agreement expires. The following was agreed upon. An increase in wages of sixty per cent; a minimum scale of \$5 a day; the six-hour work day; five and one-half days a week; the closed shop; time and one-half for all work done on Sundays and legal holidays; and payment of consideration rates when mine workers are compelled to lose any time through delays in the furnishing of props and other material.

The demands will be presented to the scale committee at the tri-district convention to be held in Wilkes-Barre next month.

### Lake Situation.

Shipments on the lakes are being affected owing to car shortage at the mines according to word from Cleveland, O. There is some little ore being moved. The general impression is that there will be a car shortage on the remainder of the lake season. Coal shipments it is calculated will let up somewhat during the remaining months of the lake season, but a pick up in the ore business is expected.

Some little chartering of boats to move grain is noted, but so far it has not been very heavy. There is a fair supply of coal in port at Cleveland. On Tuesday the railroads had 12,438 cars at the lake front. On Tuesday morning there were 3,057 cars in transit. On Monday the docks dumped 2,963 cars. It is estimated that on Tuesday 2,600 cars were dumped.

Vessels of coal cleared at Lake ports on Tuesday were as follows: Erie, two; Conneaut, two; Lorain, one; Toledo, three; Ashtabula, four; Buffalo, five. On Tuesday three boats of coal were floated on Lake Michigan and one on Lake Superior.

**United Mine Workers.**  
Morgan L. Lewis, international organizer, is today at Corona.

B. A. Scott, international board member, and Joe Angello, international organizer, are at Cheat Haven today.

Nick Aiell, district board member, today is in the Elkins field.

Albert Manka, a former organizer of the United Mine Workers is in the Fairmont field.

At Wendell yesterday an indignation meeting was held against Mike Karenski, financial secretary of the local union at that place. Mike promised to turn over the books and adjusted financial matters today.

**Monongahela Production.**  
Mines along the Monongahela Railway yesterday loaded 146 cars. This totaled with the 571 cars the B. & O. loaded yesterday makes 717 cars loaded in the Fairmont region yesterday.

This morning at 7 o'clock the placement was 182. Surplus cars on the West Virginia end are 70. Mines down today are eight.
